

A safe, creative and fun year round program that meets once a week for children 6 months-8 years old. Our program develops gross motor skills, spatial and directional awareness, self-confidence, color & shape recognition, patience, communication, and making friends!

An educational approach to gymnastics and fitness by using themes and props. A child practices different skills at stations in obstacle courses that are centered on weekly themes. Our clean, brightly colored gym is decorated to coincide with the theme.

We use real gymnastics equipment scaled down for pre-schoolers: balance beams, bars, trapezoid vault, inclines, tumble trak, tunnels, parachute, mini-trampoline, ladders, octagons, rings, trapeze, zip line, and fitness equipment.

Tumbleweeds is very excited about our Art Program. Scribbles is an Art program designed for young artists.

The program teaches young artists a variety of styles including painting, collage, mosaics, sculpture and much more. Children's books and music will be used to help inspire your child's imagination as they create treasures that last a lifetime. This unique approach to the world of art instills a love of learning in a fun and creative atmosphere. Children will have a blast making their creative keepsakes and best of all, the mess is on us!

Multi-child Discount

For more than 1 child in family:
Check Out These Great Savings!

Classes/Camp:

- 1st child - (regular price)
- 2nd child - (10% discount off reg. price)
- 3rd child - (20% discount off reg. price)

Class
